

Who We Are

Partner Africa is a pioneer in the field of ethical, responsible business solutions for global supply chains.

Headquartered in Nairobi with regional offices in Cape Town and Cairo, we work across 50 countries in Africa and the Near East to safeguard workers' rights and improve working conditions in supply chains, while facilitating access to markets.

Through our Auditing and Consulting services, we deliver impactful and innovative social compliance solutions for a range of sectors across Africa, helping clients understand and manage complex supply chains and navigate global trade responsibly.

For more information about Partner Africa's services, please visit our website www.partnerafrica.org or email info@partnerafrica.org

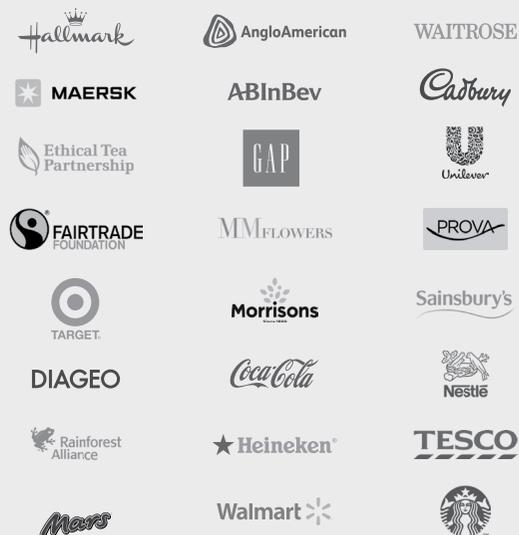

Auditing:

We are known for our unique participatory approach to auditing and our team of local auditors able to deliver audits in 50 countries in Africa and the Near East. We are trusted by global brands, ethical trading bodies and industry associations to carry out social audits.

Partner Africa is a member of the Association for Professional Social Compliance Auditors (APSCA) and has expertise in a range of standards and certifications.

We audit against leading industry standards, such as the SMETA 2 and 4 Pillar and the WIETA code, and global brand standards, including the Coca-Cola Supplier Guiding Principles and the Unilever Responsible Sourcing Audit. We also have the flexibility to audit against individual supplier codes of conduct and undertake smallholder assessments.

Clients:

Consulting:

With our pan-African reach and experienced teams, we deliver practical, client-specific social consulting services that draw upon our knowledge of local capabilities and culture to deliver customised supply chain solutions that move beyond compliance.

We are able to build capacity, measure impact, investigate issues, develop trade and support the implementation of international codes of practice and trade certifications. Our consulting services help clients in assessing, monitoring and mitigating social risk in their operations across Africa and the Near East.

Through the lens of workers' rights, we offer the following consulting services:

- + Research, Investigation & Impact Assessments
- + Project Management
- + Trade Development
- + Risk Management
- + Training
